## **HUNTING ETIQUETTE:**

1. The Master represents the authority of Master of Hounds. Follow the Master's instructions. Listen carefully for announcements.
2. Be ready to move off on time so that the Master may announce any special conditions for the day.
3. The etiquette (riding order) of the field is hounds, Huntsman, Whippers-in, Master, Deputy Master, ladies, gentlemen, children.
4. Maintain a safe distance between your horse and others. Do not crowd jumps or cross in front of other riders. Ride straight and collected at all fences.
5. If your horse has a refusal, go immediately to the rear and wait your turn again.
6. If your horse is a kicker, tie a red ribbon to the tail and ride out of the way to avoid accidents.
7. Please don't take any photos that may be controversial to anyone.
8. Report any damage to fences, including stretched wires, to the Master or the Deputy. Please shut all gates.
9. If you retire from the field early, let the Master know.
10. Stay for afternoon tea so you will be present when the Master thanks the property owners for the privilege of hunting over their land - it is a very great privilege indeed. Please wear hunting attire.
